Manager H.R.,

Petroleum Storage Terminal Limited,

Kolonnawa.

Dear sir,

I'm Adithya Liyanage who is currently studying in the 3rd year of the Sri Lanka Institute of Information Technology (SLIIT) campus. I'm a regular and hardworking student. As a part of my degree and to start my future career I would like to do an internship in which I will have to learn about the roles and responsibilities of the work profile.

I'm also attaching my resume that list out all my academic qualifications and credentials. I would request you to have a good look at it and consider my application.

I will be looking forward to hearing from you about the possibility and opportunity further.

Your sincerely,

.....
L.R.T.A. Liyanage
